

# Roadmap to Support

Below are the steps involved in getting through the application and funding process for BuildUp Oregon. Each potential and official applicant must pass each successive step before they are eligible to move onto the next. It's important to note that not every journey will look the same. In fact, more than half of those receiving funds will not go through the loan application and underwriting process (steps 11 through 13). Learn more and get started at [www.BuildUpOregon.org](http://www.BuildUpOregon.org).
